This directory is provided to facilitate telecommunications with the headquarters office of this court at Aberdeen, Mississippi. This court maintains no divisional office away from the headquarters office.

Except as to judicial matters (as distinguished from administrative matters), telecommunications callers are invited first to consider the availability of our Voice Case Information System (VCIS - toll free 1-800-392-8653) and our Public Access to Court Electronic Records (PACER subscription number 1-800-676-6856) before initiating telephone calls to staff members in this court.

Whenever the information sought is not available through VCIS or PACER, however, the following staff telephone directory should be of assistance to the caller in ascertaining the appropriate staff member with whom the caller should communicate. All staff members in the office of the Clerk of Court are under strict instructions to avoid the unauthorized practice of law by avoiding the giving of legal advice.
